"Power Flour ... for those who doubt the wisdom of asking United Parcel drivers to haul bags of ground wheat all around the nation, we offer these three words: Hudson Cream Flour. It's hard not to love this flour."

Best Chicken Dinner

The Sunday buffet is all you can eat and has the best home fried chicken ever. All the veggies taste great and my children beg to go eat at the cafe. Anytime we have company we take them to eat at Wheatland Cafe. They have the friendliest staff, they make everyone feel as though they are coming to a big family dinner.

"As it turned out, the woman in the bank saw me wandering around looking a bit like a lost puppy and called down to the café to have Darrell come find me. He and his mother Sally have long had the reputation for taking in stray bikers who wander through."
